

## STORM RAGING IN THE SOUTH

Georgia and Alabama Are Suffering from Gales and Floods.

## DAMAGE IS GREAT

Many Towns in Both States Inundated by the Rising Rivers.

## ALL TRAFFIC STOPPED

Atlanta, Ga., Feb. 28.—Cyclonic conditions developed in the southwestern portion of this state today as the result of the augmentation of the rain and wind storm which has prevailed here for three days. All the rivers are swollen, the railroad tracks are washed away in many places, bridges by the score have been swept down the streams, traffic is suspended and telegraphic communication is cut off from many of the towns in the state.

From Savannah, Ga., it is reported that the highest surf seen in years is running today and the wind is blowing fifty miles and hour on shore. Storm warnings have been set out at various points along the gulf coast. At Columbus, Ga., the rainfall was excessively heavy, the Chattahoochee river rising at the rate of two feet an hour.

In this city the rain has been falling in torrents all day. A washout near Seale, Ala., holds the Mobile and Girard passenger train, due this morning, and the department train on that road was annulled. There are several washouts on the Seaboard Air Line between here and Albany, Ga., which stops traffic on that line.

After an intermittent rain of twenty days, Birmingham, Ala., was deluged early this morning. The rain flooded the streets and many awnings and street signs were torn away. Flooded tracks are interfering seriously with street railway traffic and today the rainfall had not ceased. All streams are swollen and rapidly rising.

The total rainfall in Montgomery, Ala., up to 7 a. m. was 4.50 inches and a heavy downpour is reported at other points of Alabama. The barometer recorded 29.23, the lowest reading on record in that city.

Pittsburg, Pa., Feb. 23.—Reports from up-river points are alarming. At Kittanning, where the river has been frozen from shore to shore two feet thick, a break occurred and the swollen current rended the heavy ice and crushed it under the main flow. At midnight the flood situation at Oakmont and other points above is very serious. Boathouses have been swept away, boats crushed and all descriptions of river craft destroyed. The ice moved in a solid mass from Logan Eddy to Oakmont, a distance of five miles. It then stopped and began to gorge at Black's Run, at which place the ice began to roll and toss until the ice was at least 100 feet high. The river at that point is rising rapidly and shows no sign of receding, but rather of an increased rise, as the gorge above is holding back large volumes of water.

Bloomington, Ill., Feb. 25.—A steady rain, lasting twenty-four hours, upon the frozen ground has resulted in swollen creeks and rivers through central Illinois. The volume of water has not been exceeded in years and all railroad bridges are being watched.

## CANADA APPEALS TO GREAT BRITAIN

Has Made All the Concessions Possible in the Alaska Boundary Dispute.

Chicago, Feb. 25.—Some correspondence has recently passed between Canada and the British government with reference to the Alaskan boundary dispute. Canada in these communications says she has made all the concessions to the United States possible and that she wished England to support her in her present demands.

## STRIKE TROUBLES BREAK OUT AFRESH

All Spain is in a Ferment Over Labor Affairs—A General Strike is Likely.

Madrid, Feb. 28.—The strike troubles have broken out fresh in some sections of Spain. Rioters in the town of Madrid Jose today entered the tax offices, burned all the documents and cut out the telegraph wires. A similar occurrence took place at Albuñol. The mining regions are in a ferment as a result of the strike agitation and it is feared a general strike will be declared tomorrow.

## For Brodhead Contest

Milton Junction, Wis., Feb. 28.—In a declamatory contest of the junior class of the high school last night Miss Hattie Paxton took first place and Miss Mary McBride second. They will take part in the general contest next week at Brodhead.

## SLEEPER CAR RATES MAY BE REDUCED

Milwaukee Road Ready to Do So if the Great Western Enters Into the Chicago-St. Paul Field. Should the Great Western railroad persist in its intention of operating a tourist car service between Chicago and St. Paul, it is likely that the Milwaukee road will follow with an all around reduction of 25 per cent. in the charge for an upper berth between the two cities, thus reducing the fare from \$2 to \$1.50. Local officials of the road think that there is very little chance of a reduction in rates, and believe that the Great Western will be persuaded to abandon its intention of running a tourist service on that division. The Milwaukee road is one of the three lines in the country owning and operating its own dining and sleeping cars, the other roads all having arrangements with the Pullman Car company.

Teachers will Hear Hubbard. Monroe, Wis., Feb. 28.—Elbert G. Hubbard has been engaged to give a lecture here Friday evening, April 1, in connection with the Southern Wisconsin Teachers' association.

## DRAGGED THE RACE FOR CONNELL'S BODY

Large Force of Men and Boys Employed Searching for the Missing Old Gentleman.

The search for Edward M. Connell, who has been missing since Monday night, was taken up this morning by a force of men, and every foot of the bottom of the race dragged with hooks and long rakes. No trace of the missing man was found and it now seems almost certain that he is not in the race.

At this time of the year when the river is comparatively high there is quite a current in the race, which would have a tendency to draw the body toward some of the numerous flumes opening under the mills between the race and the river. All these places have been thoroughly searched.

Owing to the number of buildings now erected across the race on piles it is hard work to get down there and make a search even in a boat. It would seem that if he had fallen into the race that his hat would have been found floating around or lodged against some of the timbers.

E. J. Burdick, who resides on St. Mary's avenue is almost certain that he saw Mr. Connell get off the Milton avenue street car near his home on Monday night. If this is so there is very little use looking in the river for him.

A report was brought to the city yesterday afternoon that a dead body, apparently that of a man was lodged against the coping of the dam west of the Monterey bridge. The supposition was that it must be the body of William Cody lost last December. Officer John Brown and Chauncey Millmore secured a pair of rubber boots and started at once for Monterey.

There was about four inches of water running over the crest of the dam and out near the center. Brown and Millmore saw a bundle that looked like a coat with something white like the lower limbs of a man sticking out from it.

Officer Brown put on the boots and started out along the crest of the dam toward the object, but after going a short distance became dizzy and had to return to shore. Mr. Millmore then put on the boots and started out. The running water did not affect him and he was soon close to the bundle which he found was a gunny sack with the dead body of a dog sticking out of one end of it. The sack was about the color of a brown coat that had been water soaked and the body of the dog made up the rest.

## ACTORS IN RAILROAD WRECK.

Several Members of the Florodora Company Are Seriously Injured.

Wilmington, Del., Feb. 28.—A special train, carrying the Florodora theatrical company from Norfolk, Va., to Wilmington, Del., on the New York, Philadelphia and Norfolk railroad, was wrecked at Eastville, Va., and several members of the company were severely injured. A heavy fog prevented the engineer from observing a freight train ahead, and a rear-end collision occurred. The engine, baggage car and two forward cars of the special were completely wrecked. Among the injured are: W. L. Carleton, E. C. Herr, Charles H. Powers, Tony Rooney, Miss Francis Gordon, Miss Ella Henry, Miss Maud Davis, Miss Selma Mantell, Miss Ida Doerle, Miss Libbie Munn, Miss Lillie Young, Miss Annie Young, fireman of the special. There were eighty-seven persons in the company. The injured were brought here and cared for. The scenery and nearly all the baggage was destroyed by fire. The company with buckets gathered from farmhouses, fought the flames successfully.

## NINE LIVES ARE KNOWN TO BE LOST

Telluride, Colo., Feb. 28.—A snow slide this morning swept away the buildings of the Liberty Bell Mine including the bunkhouse in which were seventy men. Nine lives are known to be lost. Communication with the mine is shut off.

Nell Riker, of Ithaca, N. Y., is the guest of his cousins, the Rikes Bros.

## HUNGARY URGES ON TRADE WAR

Premier De Szell Sounds a Significant Note of Warning.

## TO STOP AMERICA

He Counsels a Commercial Monroe Doctrine for All European Nations.

## RUIN SHOE BUSINESS

Buda-Pesth, Feb. 28.—The premier of Hungary, Coloman De Szell, sounded a note of alarm today against America in the lower house of the Hungarian parliament.

It was a warning to Europe that the time was not far off when, for the protection of Europe's trade, concerted action against the American invasion must be taken.

Premier De Szell brought out the matter in a speech on foreign treaties. Referring to the approach of the time for the renewal of commercial treaties, he said, while there was no intention of denouncing all the commercial treaties Austria-Hungary would be Austria's commercial treaty with America.

The premier spoke at length on the havoc wrought in the shoe and leather industry by the importation of cheap American manufacturers into the empire. There was, he declared, but little chance for the shoe manufacturers of Vienna and other towns to make ends meet. This he only added as an example. Every branch of Austria's commerce, he asserted, was similarly imperiled.

The premier referred to the increasing industrial production of the United States and intimated his belief that the necessity might some day arise for Europe to enforce a "commercial Monroe doctrine" against the United States.

## NEW COMPANY TO MAKE BEET SUGAR

The Plant at Menomonee Falls Will Branch Out with a Factory at Kaukauna.

Kaukauna, Wis., Feb. 28.—The Kaukauna Business Men's association held a special meeting today with President Wagner of the Menomonee Falls Beet Sugar company. The matter of building a factory here to manufacture beet sugar was thoroughly talked over, and Mr. Wagner says the company is ready to furnish the capital to put up a \$450,000 plant just as soon as the contracts for 3,500 acres of beets are entered into by the farmers around Kaukauna. Mr. Wagner and a few of the leading citizens drove around the city and to the proposed site of the factory.

## PERMIT WOMEN TO CARRY ARMS

Bill Will Be Presented in Virginia Legislature Allowing Females to Pack Weapons.

Richmond, Va., Feb. 28.—A bill will soon be introduced in the legislature whereby women of the state will be allowed to carry weapons. The women, in view of the many recent attacks on unprotected women, are becoming expert pistol shots. Recently a gun club was formed in Roanoke and regular meetings are held for target practice. At young school teacher at Suffolk, who has to ride some distance into the country to attend her school, carries a pistol strapped to her side, and there are other evidences of a disposition on the part of the Virginia women to carry arms.

## HAVE NOTHING NEW TO REPORT TODAY

Citizens' Committee Working Hard to Raise Stock Subscriptions for Marzluff Factory.

The committee which is working to secure the Marzluff shoe factory to Janesville has nothing new to report today. An agreement has been reached which is satisfactory to both sides and the work of soliciting money is progressing. Several of the most influential citizens have been seen and the committee receives quite a little encouragement as a result of their labors.

The work has not progressed as rapidly as desired, owing to some of the committee being out of town and others having other matters to attend to. The committee hopes to have something to report in a short time.

## Gamblers Must Return Money.

Vincennes, Ind., Feb. 28.—The jury in the case of the State vs. Matthew Kelly and Dallas Tyler, gamblers, to recover money from Richard C. Davis, "shooting craps," returned a verdict in favor of the plaintiff for \$9,600. Judge Cobb overruled the motion of defendants for a new trial. Charles E. Daly was appointed a special judge to try several other similar cases now pending to recover money lost by Davis gambling at Washington, Ind.

## REPRIMAND FOR TWO SENATORS

Tillman and McLaurin Must Face Bar of the Senate.

## WILL BE CENSURED

Democrats Threaten to Fight Any Proposition to Expel the Two Men.

## PUNISH BOTH ALIKE

Washington, Feb. 28.—The senate committee on privileges and elections decided today that Tillman and McLaurin should be censured.

Washington, D. C., Feb. 28.—The sub-committee of the senate committee on privileges and elections, which was appointed to formulate a proposition for the proper punishment of Senators Tillman and McLaurin of South Carolina for their offense to the Senate of last Saturday, have practically concluded to recommend that the two senators be severely censured for their conduct, and to limit the punishment to censure.

Some of the democratic members made it very plain that they not only would not agree in committee to the reporting of a resolution of censure, but that if such a resolution should be presented to the senate by a majority of the committee, they would resist its adoption by the senate to the extent of insisting upon prolonged debate.

The republicans recognize the fact that if so disposed the minority can obstruct all legislation for an indefinite time, and probably continue the present session of congress far into the summer. Some of them also hold that censure is a more severe and certain form of punishment than suspension.

There has been considerable discussion of the matter of a differentiation of the punishment of the two senators, some of the republican members holding out strongly for a more severe rebuke to Senator Tillman than to Senator McLaurin, because they held that his offense of striking a fellow senator was greater than that of his colleague, who gave the provocation to the blow but this course has been practically abandoned so far as the sub-committee is concerned, and both will be equally reprimanded. It has also been virtually decided that no apology shall be exacted from the senators, the reason for eliminating any requirement of that kind being found in the fact that senators generally fear such enforced apologies might not amount to apologies after all.

The democratic members of the committee have suggested that the censure should be in very severe language, and, if anything, have been inclined to be more caustic than their republican colleagues. The resolution will impose on the president of the senate the task of administering the reprimand.

## NEENAH WILL BE IN NATIONAL GUARD

Military Company Organized Which Will Take the Place of Janesville's Company 1.

Neenah, Wis., Feb. 28.—The Neenah Independent military company was mustered into the Wisconsin National guard at the Neenah armory last evening. Major J. A. Nemitz of Oshkosh acted as mustering officer.

An order was recently issued by Adjutant General Boardman whereby Company 1 of Janesville, is disbanded, and the first regiment therefore lacks one company of its full quota and it is possible that the Neenah company will be given that place and be known as Company 1, First regiment, W. N. G.

The commissioned officers are: Captain, John B. Schneller; first lieutenant, F. J. Schneller, second lieutenant, E. G. Hecke.

## Severe Gale at Cleveland

Cleveland, Feb. 28.—An eighty mile an hour wind struck this city this morning. Great damage was done to show windows, roofs, signs and wires in the downtown districts. In some instances the contents of the stores were blown into the streets.

## SHE ASKS \$15,000 FOR THREE KISSES

Sauk County, Wis., Farmer's Wife Sues David G. James, Former Department Commander G. A. R.

Daraboo, Wis., Feb. 26.—Mrs. Sarah Staten, a farmer's wife residing in Sauk county, wants \$15,000 for three kisses. She appeared before Judge Kelsey here today and gave her deposition, alleging that David G. James of Richland Center had hugged and kissed her three times against her will, and asks \$15,000 damages. The trial will be held in Richland county in April. James is wealthy and known all over Wisconsin. He served last year as Department Commander, G. A. R. He owns a farm in Sauk county, upon which Mr. and Mrs. Staten live. James frequently visited the farm and it was on one of these visits, Mrs. Staten charges, she was kissed. James says it is a case of blackmail. Mrs. Staten is 47 and James is 58 years of age.

## FIRE ON A FARM NEAR DELAVAN

Forty-Six Head of Cattle Cremated—Two Barns, Grain and Farm Machinery Burn—Loss \$5,500.

Delavan, Wis., Feb. 28.—One of the most horrible fires occurring in this part of the county for many years, was at the farm of George Downes, about two miles east of Delavan. Geo. Downes returning home from a party discovered the fire and alarmed the Downes household, but it was too late to save anything. Everything went except the house, windmill and eleven head of young cattle which Mr. Downes says would have gone save for the help which responded from town.

The loss included twenty-eight head of cattle, also ten calves, eight horses, 400 bushels of oats, eighteen tons of corn, twenty tons of hay, twenty acres of corn fodder, in addition to two large barns and all the farm machinery. Mr. Downes estimates his loss at about \$5,500 with an insurance in the Geneva Farms' Insurance Company of \$3,000.

The origin of the fire is not known, but the general supposition is that it was the work of tramps. Mr. Downes had a nice herd of Jersey cattle and owned a milk route in Delavan.

## DEEP MUDDLE IN THE CANAL MATTER

Clashing Factions and Interest Make It Extremely Probable Nothing Will Be Done.

Washington, Feb. 28.—The senate committee on interoceanic canals, which has been hearing testimony for nearly two months past regarding the relative merits of the Panama and Nicaragua routes, will conclude its work early next week. Senator Morgan announced today that he had only one more witness.

Senator Hanna who is advocating the Panama route as urgently and enthusiastically as Morgan is advocating the Nicaraguan route, will call no additional witnesses after Senator Morgan is through.

The situation is extremely disagreeable to the senators who are desirous of passing a canal bill. They regard it as unfortunate and fear that it will result in preventing legislation not only during the present session, but during the fifty-seventh congress.

Senator Morgan is losing hope. His programme will be to force the issue if possible. He will bring into play his well-known capacity to occupy the time of the senate for a week or ten days without interruption, except such as would be acceptable to himself. In other words, he will filibuster with a view of forcing a compromise of some sort.

It is not likely, however, that Senator Hanna and his friends will yield to this method. The hearings have developed so much acrimony that Hanna and Morgan are scarcely on speaking terms.

## THE IOWA WOMEN REFUSED A VOTE

Senate Resolution in Their Favor Was Promptly Squelched by the Lower House.

Des Moines, Ia., Feb. 28.—The suffrage resolution which passed the senate yesterday came to grief in the house committee today, when it was decided by a vote of 8 to 3 to recommend that it be indefinitely postponed. This action is taken to mean that the house will make short work of the suffrage question this session, and the friends of the resolution who were elated at the ease with which it passed the senate have been brought to despair by the events of today.

## M'NERS' DEADLOCK STILL ON.

Little Prospect of an Early Settlement of the Seale Question.

Peoria, Ill., Feb. 28.—The coal operators and miners resumed their session yesterday morning, but the same deadlock continued at the time of the adjournment last evening, with no prospect of an early settlement of the differences. The scale as agreed upon to date follows: Streator, Kangley, Clarke City, Toluca and Cardiff, thick vein, 68 cents; Mount Pulaski, 63 cents; Decatur, 61 cents; Du Quoin, Olin, Sandoval, Centralia and associated mines, 45 cents; Salem and Kinmundy, 50 cents; Kinmundy room and pillar work, 50 cents; long wall under third vein negotiations, 65 cents; coal to be mined in clay or coal at option of miner; Mount Vernon, 50 cents; Jackson county, 45 cents; Danville district, fixed at interstate convention, 45 cents.

## BOERS SUSTAIN A SAVAGE BLOW

Severe Battle Yesterday in Which Forty-Five Burghers Were Killed and Many Captured.

Telluride, Colo., Feb. 28.—A snow patch received at the war office today reports a big fight yesterday between Col. Rymington and Byngs' columns and a force of Boers. Manie Botha, the Boer leader was killed and forty-five dead left on the field. One hundred horses were captured. Among the prisoners taken was Gen. DeWitt's son, Commandants Meyer and Truthor and several field cornets.

## NAVAL CADETS CHEER PRINCE

Distinguished Party Accompanies Him to Annapolis Today.

## IN DRIZZLING RAIN

Cadets Lined Up and Went Through Their Evolutions in Satisfactory Manner.

## BIG DINNER TONIGHT

Washington, D. C., Feb. 28.—Prince Henry and party left Washington for Annapolis shortly before noon. A reception will be tendered him there this afternoon. Later in the day the prince will make a farewell visit to President Roosevelt and this evening he will be entertained with a dinner at the German embassy.

The party departed in a heavy rain. The prince was accompanied by Secretary Long, Senator Hale, Congressman Foss, Admirals Kennan, Endicott, O'Neill, Bowles and Bradford and Commander Cowles, Captains Lemly and Sigbee, General Plwood of the Marine corps and Secret Service Chief Wilkie.

## Watches Naval Cadets

Annapolis, Feb. 28.—When Prince Henry and party arrived here a drizzling rain was falling but that did not mar the enthusiasm of the reception given the royal visitors. The party was driven from the train to the parade grounds, where the cadets lined up. The Prince found shelter under a temporary awning and watched the boys go through the evolutions. He seemed greatly impressed with their work despite the disadvantages of the slippery grounds and heavy rain under which they labored. After drill all of the buildings of the naval academy were visited.

## HAS REACHED HIS 90TH MILESTONE

Today is the Anniversary of the Birth of Volney Atwood—He is Congratulated.

Today Volney Atwood, one of the most respected citizens, reached the 90th milestone in life's ever varying pathway. Although Mr. Atwood has reached four score and ten years, he still retains his faculties to a remarkable degree and keeps in touch with the current events of our city and the world at large by reading the newspapers.

Although Mr. Atwood has reached a remarkable age he is able to care for a good-sized garden in the summer and do a little manual labor. Several of his many friends called upon him today to extend congratulations but no invitations have been sent out for a special event.

Mr. Atwood was born in the state of Vermont and came to Janesville in 1837, since which time he has made this city his home and his life has been closely connected with the mercantile and social history of our city. Three children remain to bless him in the later years of a long and eventful career: Chas. Atwood of the City Ice Co., Mrs. E. V. Whitton and Miss Anna E. Atwood, who resides with her father. The many friends of the aged citizen will unite in wishing him many happy years to come.

## ANN COLLINS CASE HAS GONE TO JURY

Arguments Were Closed This Afternoon, and Judge Dunwiddie Charged the Jury.

The case of Ann Collins against the city for injuries received by falling on a sidewalk in front of the Carle property on Cherry street in 1895, reached the jury this afternoon. The testimony was concluded yesterday afternoon at 4:30. Before starting in the arguments this morning the defendants attorneys moved that the court direct a verdict in favor of the city. This motion was overruled by Judge Dunwiddie. Exceptions to his ruling were taken by the attorneys for the defense. J. J. Cunningham opened the arguments for the plaintiff and was followed by City Attorney Burpee and M. G. Jeffris for the city. George Sutherland made the closing argument for the plaintiff after which Judge Dunwiddie delivered his charge.

## MAY MAKE TURKEY PAY.

United States to Demand Reimbursement of ransom Paid.

Constantinople, Feb. 28.—It is understood that the United States soon will take steps to obtain a reimbursement of the \$72,500 paid to brigands as a ransom for Miss Ellen M. Stone and Mme. Telika, holding Turkey responsible, inasmuch as the capture of the missionaries was effected on Turkish soil. This question of responsibility may have serious developments, since Turkey emphatically disclaims responsibility and lays the blame on Bulgarians.

Hon. B. B. Eldredge is reported not quite as well today, and grave fears for his recovery are entertained.

WOOL

SKIRTS.

We start the spring selling in our Garment section with a thoroughly up-to-date equipment of TAILOR MADE SKIRTS. We've had the very best to choose from and have selected the top notch things as to style. They are made by tailor artists, the materials are of the newest weaves, the fit and finish is all that could be desired, and the prices are as low as stylish, worthily-made Skirts can be sold at. Shoddy make-shifts are dear at any price.

Skirts A collection of 100 wool Dress Skirts—the very newest Styles.

\$4 to \$10

bought so that we can sell them at an average of \$2.00 less than regular prices. The colors are black, red, gray, browns, tans, blues and modes. Some with latest flounce, others with seven gore flare, new habit backs; self colored, contrasting, or block trimming of satin bands rows of braid, some tailor stitched. A prettier lot of Skirts at such moderate figures would be hard to find. Materials excellent. Better call at once and get in on the ground floor.

Walking Skirts.

EVERYTHING THAT'S GOOD. Every Shape that's new; every color that is desirable; every material that is being worn. Any woman who cannot be suited from such an assortment is indeed hard to please. One can hardly complain of our not having prices enough: 3, 3 1/2, 4, 5, 5 1/2, 7, 9, 10, 12 dollars, and some we have left out. Now is the time to buy.

Black Dress Skirts

Of these our showing is a large one. Some lined, others not. Whether one pays 5, 10, 18 dollars or she'll get her money's worth. At \$2.00 we have a fancy BLACK BRILLIANT SKIRT, all sizes, and the large ones are made with extra large bands; can fit any woman.

## Leaf Tobacco Notes

In the country nearby this city conditions remain about the same as for several weeks past, but little riding is being done by dealers and sales are very few. The buyers will not pay the prices asked by the farmers and the farmers show but little disposition to make concessions, so the market is bound to remain dull until the buyers and the farmers can agree on a price.

Many of the farmers are assorting their tobacco and propose to hold it, looking for a better price. In a few instances the farmers have made slight concessions and sold but not enough to forecast a general movement along this line.

A good rain set in early Thursday morning and what tobacco is hanging will get in good case giving those who have not finished stripping a chance to do so.

The market for old goods remains as uneventful as that for 1901 and but little is being done. A. N. Jones sold 200 cases of 1900 to eastern parties and the usual grist of small sales is reported.

Sanford Soverhill has returned from Connecticut where he purchased 500 cases of tobacco, which will be shipped to this city and assorted in his warehouse.

H. S. McGiffin has a force of about fifty sorters at work on tobacco purchased in Connecticut and brought to this city to be handled.

Joseph Grundy and Sanford Soverhill expect to start their assorting rooms Monday next.

The conditions surrounding the movement of the new crop remain about as heretofore recorded in this column, except possibly there has been fewer sales the past week than the previous ones. Buyers are riding the growing districts and picking out choice lots at about former quotations, but the asking price of farmers precludes a general movement of the crop, says the Edgerton Reporter. Thus matters seem likely to be tied up for some time to come. In some localities there are evidences of a concession being made in prices but scarcely enough to induce liberal buying.

The Connecticut Valley tobacco recently purchased to be handled in this state has commenced to arrive. Dealers who have examined it are more than pleased with the quality and it the price it was bought at. This tobacco will be carefully assorted

and some of it forced out for an early market.

The market for old leaf has lapsed into very quiet methods. No large transactions are reported and dealers begin to realize that they are asking outside figures for their goods, else there would be larger sales. Frank Baines sold 1600s of 1900 binders.

The expected rush in the market has not yet materialized. A rush in the market means the swooping down on very large lots and their quick disposal, says the U. S. Tobacco Journal. In other words, the crowding of a month's, and perhaps three months, and with some packers and importers an entire year's transactions into one week or a half dozen transactions. Such rushes are not likely to take place again in a hurry considering the altered conditions of leaf trade and the cigar industry.

The trade of the market is now more evenly divided. It has been steadier and more continuous. The absolute idleness for weeks and months at a time is eliminated and trading keeps the market busy. It not rushing from the beginning to the end of the week, though with less satisfaction than in former times. In the aggregate a larger volume of goods is disposed of but it requires more time, steadier attention, more entries, and causes perhaps greater annoyances than when entire packings and importations were sold out in bulk.

It is also more difficult for a reporter to keep track of the sales of a market, as merchants are less disposed to divulge their small than big ones. Nevertheless, the market is in a good and healthy condition. There being no surplus of stock, all types sell freely and at advanced figures. And the scarcer the article the bigger the demand. The principal sales the past week were made in 1900 Pennsylvania, of which about 3,000 cases were taken. But neither the demand for Wisconsin nor 1899 Zimara's can be supplied to its full extent. There has also sprung up an urgent demand for spotted Connecticut.

The Sumatra market remains fair and active. It is constantly supplying the wrapper needs of the cigar industry and in an increased proportion to that of former years. The Havana market has somewhat fallen off. The cause is the uncertainty about the outcome of the reciprocal provisions.

### Sporting Life

"Sporting Life" is the significant title of a pretentious English melodrama to be produced at the Myers Grand, Monday, March 3.

The piece enjoyed a prosperous run of six months in New York at the Academy of Music, and a record breaking engagement of five months at McVicker's Theater, Chicago, last season, and comes here heralded as the most elaborate production of melodrama ever given in America.

### STILL KEEPS IT UP.

"During a period of poor health some time ago I got a trial of Dr. Williams' Little Blue Pills," says Jackson of the Boston Advertiser.

"I was under the impression that I was getting old, and I have used them ever since." Safe, reliable and gentle, Dr. Williams' Little Blue Pills either gripes nor distress, but stimulate the liver and promote regular and easy action of the bowels.

P. Hollenadel, Jr., returned to the city last night from the pickle packers' convention at Chicago.

### Indiana Miners Advance Fee.

Terre Haute, Ind., Feb. 28.—The convention of united mine workers of the bituminous field of Indiana changed the constitution, increasing the initiation fee from \$10 for practical miners and \$25 for non-practical miners to \$50 for all. The increase in the fee for non-practical miners is to keep them out of the mines. The election of officers resulted as follows: President, George Hargrove, Linton; vice president, John Boyle, Princeton; secretary-treasurer, J. H. Kennedy, Terre Haute.

### Dowager as Hostess.

Pekin, Feb. 28.—The Dowager Empress yesterday gave a second reception in honor of the women of the diplomatic corps. In addition to the wives and other relatives of the ministers a number of women who, under the diplomatic regulations, were not entitled to be present, were in attendance. The formality of the program was modified by the Dowager Empress deciding to receive them in her own apartments.

### Mrs. McKinley's Health Improves.

Canton, O., Feb. 28.—Mrs. William McKinley yesterday took her daily drive in the forenoon, so that just as she returned from her outing the memorial exercises for the late President in Congress were on. In the afternoon Mrs. McKinley was visited by a number of neighbors and enjoyed a social hour. The health of Mrs. McKinley is such that she seldom requires the services of a physician. Her condition is now as good as at any time in years.

### Plans of Ship Owners Fail.

London, Feb. 28.—In Liverpool shipping circles it is now stated that, owing to the disagreement of the owners of the great transatlantic steamship services, negotiations regarding uniform rates and fares have fallen through.

### Mother, Yes one package makes two punts of baby medicine. See directions. There is nothing just as good for babies and children as Rocky Mountain Tea. 35 cents. Smith's Pharmacy, kodak agents.

### New York, Feb. 28.—Insurance against assassination is one of the new ideas Prince Henry has brought to American shores. He carries a policy of \$500,000 against assassination and is said to be the only man in the world so insured.

**THE NORTHERN SECURITIES DECISION.**

The decision in the Northern Securities case met expectations in that the court decided that it had no original jurisdiction. The technical point was that the Northern Pacific and Great Northern were not made parties to the suit, but the larger scope of the decision was that the supreme court could not be compelled to do police duty in New Jersey for the benefit of the State of Minnesota.

The decision did not have the effect on the market which it would have had but for the Attorney General's proposed bill in equity. Nevertheless, there was a certain amount of moral effect which was favorable.

The feeling of important interests identified with Northern Pacific was that the main thing was to get a decision as to the legality of securities combinations as soon as possible. A great deal depended not only in the Northwest, but elsewhere upon the right of corporations to combine in this way. If they could do so, it was well to know it, and almost equally important to know if they could not.

The decision referred to by the "Wall Street Journal," while favorable to railroad interests, does not take the question of the "merger" out of the courts. It remains to be seen what Gov. Van Sant can accomplish with the Minnesota law. While the efforts of Morgan and Hill are temporarily blocked, it is safe to assume that they will accomplish their undertaking.

A trans-continental trip over either of the four trunk lines, impresses the fact, that these great enterprises, which contribute so much to the comfort and development of the country, have been fostered and maintained at enormous expense of money, backed by a faith that inspired untiring energy. The great deserts were barren and uninviting; the mountain ranges were obstacles not easily surmounted, and yet the grit and energy which has made the new world famous, recognized nothing in the way of nature's opposition.

The hands of steel which stretch across the continent, are not only great civilizers, but they so unite the country, that there is no longer any dark or obscure corners. They represent more than this, because they have established a community of interests, and a band of brotherhood, that makes the nation akin. The great fruit belt of the coast, and the busy work shops of New England, are no longer 4000 miles apart. The mines of Arizona and Mexico, are developed in Boston and New York, and these advantages, that directly or indirectly benefit every citizen, are largely indebted to the men whose brains and money manufactured the wheels and set the machinery in motion.

It may be argued that they made money out of the enterprise. They were entitled to, and unless profit had resulted, the ox team and mule train would still be the only means of communication.

It may be all right to fight a "merger." It don't require much in the way of mental equipment to become an obstructionist, and fight any thing that comes along. There are people in every community whose only occupation is to stand around with a club ready to bat any thing in sight which looks like prosperity, and shows evidence of success.

The governor of Minnesota was able to drum up his recruits in the western states, by a palace car trip, furnished by one of the companies, which he is attempting to restrain. He would have made a good governor fifty years ago, before the day of railroads. That class of men appear to better advantage in a prairie schooner with an ox-goad, than they do in an observation car.

The "merger" will be consummated, because the men back of it are intelligent and enterprising. They are neither law-breakers nor law evaders. Minnesota and the western states will share in continued prosperity, just as democracy is now sharing. The car of progress is not easily stopped or readily retarded.

**A MATTER OF LOCAL PRIDE.**

Aside from the principles involved, the republicans of Janesville and the county, will very naturally feel that in the candidacy of Senator Whitehead for governor, the county is unusually favored. It is a great honor for any county to be the recipient of such a favor, and old Rock with its record of party loyalty and republican strength, has never before been thus highly favored.

It is true that Gov. La Follette has some staunch supporters in the county, but it is equally true that present conditions have never prevailed before. However partisan may be the mind, or however strong the preference every fair minded man will admit that Senator Whitehead possesses all the requisites for a capable and able governor. There is nothing that La Follette can accomplish that Mr. Whitehead can not duplicate, and as a matter of local pride and loyalty to a home candidate, he is entitled to the same united support, that is accorded to Gov. La Follette in his own county.

No thoughtful man believes for a moment that Senator Whitehead has been a seeker for the honor conferred upon him. The constituency which called him out is state wide, and his home county had less to do with it, than many other counties in the state. Senator Whitehead would have been pleased had the choice fallen upon any other man in the state. Neither is he responsible for the opposition to the governor. He is but one of a majority of the legislative body, who did not agree with him, and had he left the state a year ago, the opposition would have been just as strong and persistent. These are conditions, not theories. Senator Whitehead happens to be the man selected as a leader. Because of the fact that he is a Rock County man, and because of the further fact that he stands an excellent chance of being the next governor, his home constituency should give him loyal support.

There are 125 bottled up "gushers" at Beaumont, Texas, ready to flow at a moment's notice, or as soon as a market is discovered for the product. One enterprising owner, has been experimenting and has discovered that crude oil is a sure cure for consumption. He proposes to establish a sanitarium with an oil diet. It takes a Yankee to find an outlet for over-production.

Prince Henry should refrain from passing judgment on American drinks until he reaches Milwaukee. The Cream City beverage has the reputation of causing intense cheerfulness, without intoxicating and the average citizen backs up the statement. It is possible to be happy in Milwaukee and still navigate.

There are a number of Dowdletters around Chicago, waiting to be buried. No physicians are employed before the demise, and burial certificates are withheld. The order of Saints, may be obliged to move to Mexico, where interments are not necessary on account of atmospheric conditions.

**PRESS COMMENT.**

As to Mr. Whitehead's personality and equipment for the office which he seeks, Wisconsin republicans need have no fears that he will prove a disappointment. His strict integrity, high motives, deliberative judgment and conscientious devotion to duty have been fully established. He is no experiment as a man of affairs, he is well posted on matters of public concern, and he has the energy, determination and tact which are quite essential to the incumbent of the governor's chair. He is independent and fearless, but he does not carry his independence to the point of driving his party associates from him, and herein lies his great strength.—Green Bay Gazette.

Racine Journal: Senator Whitehead is thoroughly honest in everything he does. His convictions are those founded upon what is right, what is equity and what is practical. Sincerity has always marked his course both in private and public life and as governor of Wisconsin he will advocate no measure savoring of unjust restriction, and at all times seek the best to be had.

It will be a wise choice.

Madison Democrat: The Milwaukee Journal is muddling the situation finely and giving aid and comfort to the "halfbreeds," so-called, by its attacks upon Mr. Whitehead because he has favored a curfew law in Janesville and asked that the laws be enforced as to Sunday closing of saloons. Is not Mr. La Follette in favor of the enforcement of the laws? Is he in favor of "the night school of crime?"

The selection of John M. Whitehead for the next governor of Wisconsin, is being received by hearty approval by the true Republicans in all parts of the state. He is pretty generally known to be morally and intellectually qualified to hold that lofty position, and to discharge its duties in a manner which will be for the interests of all people, and not for

any clique or clan.—Rhinelander Indicator.

Marquette Eagle: There is an attempt to put Senator Whitehead on the defensive, although his record is notably pure and clean. The scheme will not work. The revulsion of feeling which has called the Janesville senator to the front, is against a continuance of La Folletteism. The governor has been tried and found wanting.

Waukesha Freeman: The Milwaukee Journal has for some months felt that there was going to be an opportunity to elect a Democratic governor in Wisconsin, and since it became apparent that Senator Whitehead might be the Republican nominee, the wriggling and twisting of the Journal has been in the highest degree amusing.

Waukesha Freeman: The Freeman has practically announced its position in the past and it believes the quickest and best way to bring harmony to the party, and a safe and conservative administration of state affairs, is to insist on a thorough and sweeping change, such as the nomination and election of Hon. J. M. Whitehead as governor will bring.

Baraboo Evening News: If Senator Whitehead is as popular in other sections of the state as he is here, his victory is won.

**WHITEHEAD ACCEPTS.**  
As a dutiful citizen, Senator Whitehead could hardly do less than to accept the call which has been extended to him and which has been signed by many representative Republicans in most of the counties throughout the state. It is a case of the office seeking the man—a man in every way worthy of and superbly qualified for the highest office within the gift of the people of this commonwealth. The nomination and election of Senator Whitehead to the governorship—which now seems as certain as any future events can be—would redound in an incalculable degree to the benefit of the Republican party in Wisconsin and through that instrumentality to the welfare of the people as a whole. Thus an end would be made of factionalism within the party which has ranged so fiercely and impaired its usefulness during the past year and from which there is no escape under the present regime, unless indeed all republicans consent to be as puppets in its hands. As the leader of his party and as governor, Mr. Whitehead's energies would not be directed towards obtaining legislation designed to legalize and strengthen a machine, every movement of which could be depended upon to contribute to his further exaltation. No more would he attempt to dictate to the legislature as to its course in any matter nor would he hold that co-ordinate branch of government up to public contumely for exercising its constitutional prerogative of disagreeing with him. In a word, the best traditions of the high and honorable office of governor would be respected and preserved under his administration.—Appleton Post.

**Good Rain Worth Money.**  
The rain of the last two days is worth thousands of dollars to this section of the country. On account of the scarcity of snow during the winter it was needed to get the necessary moisture in the ground. The farmers say that had the ground stayed in dry condition it was before the rain until spring opened it would have been a hard matter to get anything to grow. A majority of the citizens about the city are also dry and the rain will be a welcome relief to the people who have been melting ice to secure soft water.

**Prohibition Mass Convention.**  
The prohibition voters of Rock Co. will meet in mass convention in the Court house at Janesville, Monday afternoon, March 10th at 2:00 o'clock to select seventeen delegates and seven alternate alternates to represent said county at the Prohibition state convention to be held in the city of Milwaukee, June 18th and 19th, and to transact any other business that may properly come before the convention. H. A. Palmer, county chairman; M. S. Kellogg, county secretary.

Rev. Fred E. Britten of Detroit will be present and address the convention and also a public meeting Monday evening. Come prepared to remain to the evening address.

## DOCTORS EXPRESS THEIR SORROW

Adopt Memorial Resolutions on the Death of Mrs. Dr. J. B. Whitling—Funeral Tomorrow.

The funeral of Mrs. J. B. Whitling will take place from the family residence tomorrow afternoon at two o'clock. The Rev. Mr. Barrington of Christ Church will officiate.

**Physicians Express Sorrow**  
A meeting of the physicians of Janesville was called last evening at the office of Dr. Loomis to take action regarding the death of Mrs. Dr. Whitling. Dr. Buckmaster was elected president and Dr. Fife secretary.

It was determined that as many as possible attend the funeral, and a committee was appointed to draft resolutions, and the following were presented:

"Whereas, Death having bereaved our respected professional brother, Dr. J. B. Whitling and Dr. J. B. Whitling, Jr., of a loved wife and mother, be it

"Resolved, That, the physicians of Janesville hereby tender to Drs. Whitling and family their sincere sympathy for their great bereavement.

"Resolved, That a copy of these resolutions be presented to the family and also published in the city paper.

S. B. BUCKMASTER, M. D.  
J. I. ST. JOHN, M. D.  
E. E. LOOMIS, M. D.

Com.  
Dr. Buckmaster was appointed to select a suitable floral tribute.

The funeral will be held from the home of her daughter, Mrs. John T. Lloyd, 2 Pearl street, Sunday afternoon at 2 o'clock.

**Mrs. Fannie Thayer Dead**  
Mrs. Fannie Thayer, eighty-six years of age, a resident of this city since 1876, passed away last night at 1:45 o'clock at her home of her daughter, Mrs. John Lloyd with whom she has made her home during her declining years.

Mrs. Thayer was born in Shrewsbury, Vt., June 10, 1815 and resided there until after the death of her husband, Alva L. Thayer. She came to Janesville in 1876 and took up her home with her daughter. She leaves to mourn her loss four children: Mrs. Alex. E. Parker, Mulliken, Mich.; Samuel T. Thayer, Worcester, Mass.; Edmund F. Thayer, Waukesha; and Mrs. John Lloyd of this city; also three grandchildren, James Warren, Maurice and Berton Thayer of New York City, and one sister, Mrs. Lucina Pike, of Rutland, Vt.

**Mrs. George Gents Dead**

Mr. George Gents, twenty-four years of age, passed away this morning at the family home in the town of Leyden, after an extended illness. She leaves to mourn her death a broken hearted husband and two children, the youngest being but fifteen months old. The deceased was a general favorite in the community in which she resided and was a devoted wife and mother. The funeral will be held from her home Sunday afternoon. The interment will be at Oak Hill cemetery in this city.

## CHANGE MADE IN PLUMBING FIRM

Chas. E. Snyder Secures Interest of Fred Richter, of the Firm of King & Richter.

Charles E. Snyder, the well known plumber, who has been in the employ of McVicar Bros., the past eight years, has purchased the interest of Fred Richter in the firm of King & Richter, who have their establishment under Mrs. Woodstock's at 61 West Milwaukee street. The firm will be known hereafter as King & Snyder. George King is an expert in plumbing and all its branches; his experience covers a number of years in the best shops in the country; he has the reputation of being one of the most thorough and painstaking workmen in the city. A high recommendation comes to him from the mayor of Jefferson in the form of a letter asking Mr. King to make that city his home and business headquarters. He has completed a great deal of work both in Jefferson and Ft. Atkinson, which has been highly satisfactory. Mr. Snyder needs no introduction; by hard work and strict attention to business he has mastered the trade thoroughly and is perfectly competent to care for any class of work in the plumbing line. Steam and gas fitting will also receive a share of the attention of the new firm, and a complete, new stock of supplies and plumbing goods will be added at once.

## EMPLOYEES DEMAND SHORTER HOURS

Still There is Trouble Brewing at the Mills of the Rock River Cotton Company.

For some time trouble has been brewing at the mills of the Rock River Cotton Co. on North River street. The trouble is over the demand by the employees that a day's work should be ten hours instead of eleven as had been the custom for many years.

The Howe Bros., who own the mills have to compete with other mills in various parts of the country, who work eleven hours. Twenty cents per day more is paid Janesville employees for the same work that is paid in the east.

During the week the hours have been reduced to ten and one-half for a day's work but that does not satisfy the employees, who still demand a ten hour day.

The employees recently organized for mutual protection and elected officers. Last evening the president of the organization, Mr. Brosnan, was discharged by his employers, presumably for being so active in the demand for a shorter day. The case

has been presented to the Federated Trades council and a meeting was held at Assembly hall last evening at which many of the employees were present. Steps have been taken to assist the employees in gaining their demand for shorter hours.

## ANNUAL BANQUET TO BUTTER MAKERS

D. E. Wood Butter Co. of Elgin, Entertain Southern Wisconsin Dairy-men at Myers Hotel.

The D. E. Wood Butter Co. of Elgin, Ill., gave its annual banquet to the butter makers and heads of the creameries of the company in southern Wisconsin last evening. A program is usually prepared on topics of great interest to those present and the pleasures of the meeting are enhanced by a banquet. C. J. Puertall, of Evansville, vice president and B. S. Pearsall, of Elgin, secretary and treasurer of the company were present together with about twenty butter makers.

About 7 o'clock the meeting was called in the ordinary of the hotel Myers and a most elaborate six course banquet served under the personal supervision of Landlord Johnson. A hand painted program and a pink carnation was at each plate. An orchestra was present and rendered some excellent selections.

After spending about an hour at the banquet and in social chat, the program proper was taken up. Each butter maker brought a package of butter made at his factory and the subject of scoring butter was taken up. C. J. Pearsall acting as Judge.

Other subjects were taken up by the several speakers and a general discussion followed each number. The last subject was a proposition from C. J. Pearsall to the effect that each butter maker is to receive 10 per cent of the profit of the butter made in his creamery with no change to be made in the salary or living privileges of the men at present employed. This is to spur them on to make better butter. The meeting did not adjourn until about 11 o'clock.

Those present were as follows: C. J. Pearsall and B. F. Ellis, of Evansville; E. R. Davey, Elgin; W. J. Hyman, Evansville; Walter Judvine, D. Sullivan and Abe Lund, Gratiot; Bert Weber, Belleville; M. R. Sullivan, Brownstown; Chas. Tingleff, South Wayne; Frank Randall, Albany; Abe Judd, White; Antone Cale, Magnolia; Thomas Cornelsen, Cooksville and J. E. Binger, Dunbarton.

Mr. and Mrs. Earl M. Gates and son Blaisdell, of Racine, will visit with Blaisdell friends for a short season prior to Mr. Gates' removal to Janesville, where he has accepted a position with J. M. Bostwick & Sons. Mr. Gates is an expert window trimmer and will prove an important acquisition to The Big Store's force.

Last evening Mr. and Mrs. Otto E. Smith very pleasantly entertained the Harmony club at their home on South Jackson street. An elaborate luncheon was served at 7 o'clock and then the card tables were brought out and their favorite game indulged in. The first prizes were taken by Mrs. J. A. Decker and Peter K. Caldwell. The consolations went to Mrs. C. W. Schwartz and Herman Kramer.

Geo. Baumann was the winner of the first prize a meerschaum pipe, Leslie Treat, the second prize, a box of ten cent cigars, and Frank Smith, the third prize of a box of five cent cigars in the billiard tournament held at W. C. Hart's rooms.

The sale of seats for that great English melodrama "Shorting Life" will open at the box office of the Myers Grand tomorrow morning at 10 o'clock. Scale of prices from 25 to 75 cents. Five hundred of the best seats in the house are offered at 75 cents.

There has been a sudden change in the line and nature of local jokes to be sprung at the coming Golf club minstrel entertainment to be given at the Myers Grand on the evenings of March 5 and 6. The jokes and hits that were to have been used have become so common talk of late that the management decided last evening to introduce an entire new line. These jokes will be at the expense of several well known local residents.

Ill-fitting spectacles often permanently injure the sight, being especially harmful where the strength of each eye is different, one eye gradually becoming weaker without your knowledge. W. F. Hayes, eyesight specialist with F. C. Cook & Co., fits people whose present glasses are not right, and relieves many nervous troubles, by giving the right glass, where others have failed. Money cannot buy better service than you get in our optical department. Mr. Hayes is in his Janesville office every Saturday and Monday.

Disagreeable weather did not materially interfere with the energetic members of this class from attending the regular meeting yesterday, held with Mrs. Charles Evans. It was an afternoon of "Travel."

Mrs. McNamara told of her recent trip from "Chicago to Buffalo and the East," in a very humorous way. Mrs. Nowlan gave a talk on New York, and "Down the Hudson," in an interesting manner.

## BELL COURSE IS NOW BEING CARVED

J. E. Geldrich, an Artistic Stone Carver, at Work on the New City Hall.

J. E. Geldrich, an artistic stone carver, from St. Paul, is doing some fine work on the new city hall. At present he is carving the Belle course over the main entrance and later will carve the rounding arch over the main entrance and the caps at each side.

The work Mr. Geldrich is doing is architectural carving, of the Romanesque order and will set off that part of the city in a very attractive and artistic way. Several weeks will be required to do the work.

Mr. Geldrich thoroughly understands his work and works on some of the finest buildings of the land. Before coming to Janesville, he completed some fine work on the new government post office at Hot Springs, Ark.

## AN INTERESTING OLD MINUTE BOOK

The Records Kept by the Janesville Business Men's Association from 1884 to 1896.

The minute book of the old Janesville Business Men's Association, is quite interesting to look over and contains almost a complete history of all the public improvements made in the city since 1884.

During the time the association was in existence, from 1884 up to 1896, one hundred and ninety-six names were signed to the roll. Thirty-four of that number have died between the time the association was started and the present time.

On December 12, 1884, the first officers of the association were elected, they were president, Dr. Henry Palmer first vice-president, Fenner Kimball, secretary Stanley B. Smith, treasurer M. G. Jeffris.

The first business proposition under the association, was by the Fredonia Watch Co., who wanted to come west. A committee was appointed, but nothing came of it. The next important move fathered by the association, was the passage of the street railway franchise through the council, Oct. 8, 1885.

The next proposition they took up and discussed, was that of building water works. The next was the Evansville cut-off, which was finally built by the Northwestern, the city buying the right of way. Almost everything that had to be of interest to the city, was handled by the association. Many of them being successes and in existence at the present time.

The association paid considerable attention to the Gen. L. Carrington projects and John W. Hamilton's schemes. Some of the present city improvements are the outgrowth of hard work by the members of the association. The present organization is simply a continuance of the old one. The same name and the same charter being used.

The officers of the present association earnestly hope that all those who were members of the old association and have not joined the new, will call and sign the new membership list, as it only costs \$2 one year's dues. Just at the present time an association of this sort is a vital necessity to Janesville and every effort should be made by the old and new members to keep it going.

## THE ODD FELLOWS WILL CELEBRATE

Arrangements to Observe the Anniversary of the Order All Over This Country.

Grand Secretary Richard Hoe, at Milwaukee has received a proclamation from Grand Sir A. C. Cable, the head of the order of Odd Fellows in this country, directing all lodges to observe the eighty-fourth anniversary of Odd Fellowship in this country April 26, and it is expected the occasion will be a notable one, although the local lodges have not yet laid their plans. The first lodge in the United States, Washington lodge, No. 1, was formed at Baltimore, April 26, 1819.

## ONLY A SUGGESTION.

But It Has Proven of Interest and Value to Thousands. Common sense would suggest that if one wishes to become fleshy and plump it can only result from the food we eat and digest, and that food should be albuminous or flesh forming food, like eggs, beefsteak and cereals; in other words, the kind of food that make flesh are the foods which form the greater part of our daily bills of fare.

But the trouble is that we eat enough and generally too much of the stomach from abuse and overwork, does not properly digest and assimilate it, which is the reason so many people remain thin and under weight. The digestive organs do not completely digest the flesh forming beefsteak and eggs and similar wholesome food. There are thousands of such who are really confirmed dyspeptics, although they may have no particular pain or inconvenience from their stomachs.

If such persons would lay their prejudices aside and make a regular practice of taking after each meal, one or two of Stuart's Dyspepsia Tablets the food would be quickly and thoroughly digested, because these tablets contain the natural pepsines and diastase which every weak stomach lacks, and by supplying this want the stomach is soon enabled to regain its natural tone and vigor. Stuart's Dyspepsia Tablets digest every form of flesh forming food, meat, eggs, bread and potatoes, and this is the reason they so quickly build up, strengthen and invigorate thin, dyspeptic men, women and children.

Invalids and children, even the most delicate, use them with marked benefit as they contain no strong, irritating drugs, no cathartics nor any harmful ingredient.

It is the most successful and most widely known of any remedy for stomach troubles because it is the most reasonable and scientific of modern medicines.

Stuart's Dyspepsia Tablets are sold by every druggist in the United States and Canada as well as in Great Britain, at 50 cents for complete treatment.

Nothing further is required to cure any stomach trouble or to make thin people plump and well.

## FOR 60,000 CASES OF CANNED CORN

P. Hohenadel, Jr., Makes a Big Contract with Duluth and Omaha Parties.

P. Hohenadel, Jr., yesterday closed contracts with Duluth and Omaha firms, that call for 60,000 cases of canned corn from the 1902 output of the Janesville canning plant. He has also closed several other contracts for canned goods which will keep the plant going full blast during the summer season. Quite a number of contracts for acreage have been closed with the farmers in this neighborhood but the company have not yet secured nearly enough to keep them running during the coming season. With a fair amount of rain the farming district around this city should be more than able to supply the wants of this factory.

O. Kuehne, of Topeka, Kan., the head of the O. Kuehne Pickle and Vinegar company is in the city the guest of P. Hohenadel, Jr. The Kuehne Co's. plant at Topeka is one of the largest plants in the west and buy a large quantity of pickles each year from the P. Hohenadel Jr., Co. Mr. Kuehne has been attending the Pickle Packers' convention at Chicago and came up to Janesville to look at Hohenadel's plant.

## CANCER

Sufferers from this horrible malady nearly always inherit it—not necessarily from the parents, but may be from some remote ancestor, for Cancer often runs through several generations. This deadly poison may lay dormant in the blood for years, or until you reach middle life, then the first little sore or ulcer makes its appearance—or a swollen gland in the breast, or some other part of the body, gives the first warning.

To cure Cancer thoroughly and permanently all the poisonous virus must be eliminated from the blood—every vestige of it driven out. This S. S. S. does, and is the only medicine that can reach deep-seated, obstinate blood troubles like this. When all the poison has been forced out of the system the Cancer heals, and the disease never returns.

Cancer begins often in a small way, as the following letter from Mrs. Shirer shows:

A small pimple came on my jaw about an inch below the ear on the left side of my face. It gave me no pain or inconvenience, and I should have forgotten about it had it not begun to inflame and itch. It would bleed a little, then scab over, but would not heal. This continued for some time, when my jaw began to swell, becoming very painful. The Cancer began to eat and spread, until it was as large as a half dollar. I had heard of S. S. S. and determined to give it a fair trial, and it was remarkable what a wonderful effect it had from the very beginning (the sore began to heal and after taking a few bottles disappeared entirely. This was two years ago; there are still no signs of the Cancer, and my general health continues good.—Mrs. R. Shirer, La Plata, Mo.

S. S. S. is the greatest of all blood purifiers, and the only one guaranteed purely vegetable. Send for our free book on Cancer, containing valuable and interesting information about this disease, and write our physicians about your case. We make no charge for medical advice. We have a nice lot of parlor Cabinets; also Baskets and Hampers of all kinds, which we will close out at cost. These goods were left over from the holidays. Our store being overcrowded, and not having room to open up all the new goods. We have decided to offer all goods at prices never before heard of. We mention a few of the many bargains. Nice Davenport couches new and up to date, regular price \$23.00 and \$25.00. Sale price \$15 and \$16. Also an elegant solid mahogany Davenport at \$32.00, regular price \$45.00

We have a few **SOFAS (Like Cut)** well made and finished, and nicely upholstered in tapestry and velour, regular price \$10.00, sale price \$6.00 each. There are divans to match, regular price \$9.00, sale price \$5.00, and patent rockers to match, regular price \$9.00, sale price \$4.75. Remember these are all new goods, and warranted in every respect. Besides the larger pieces, we have nice upholstered **SEAT CORNER CHAIRS** at \$2.25 and \$3.00, regular price \$3.50 and \$5.50.

During this sale we will sell a good **Sewing Machine** warranted for all time, including a full set of tools and attachments at \$10.75. This a standard make of Machine.

The best **Furniture Polish** made will be sold at 25c per bottle. It will polish and clean up all kinds of furniture.

Do not wait until it is too late, as the Sale lasts but one month. Come now! We are always glad to show goods.

Furniture and Undertaking.

## Arrest a Matrimonial Agent.

Muncie, Ind., Feb. 28.—Mrs. Hannah Adams, alias Sallie Adams, alias Hannah Brown, aged 57 years, was arrested and placed in jail by United States Marshal Fletcher, charged with using the mails for fraudulent purposes. The woman has resided in Muncie, but conducted a matrimonial agency through the Danville postoffice, and it is charged that a large number of men, matrimonially inclined, were swindled out of large sums.

## O'Donovan Rossa Dangerously Ill.

Colorado Springs, Colo., Feb. 28.—O'Donovan Rossa is critically ill of blood poisoning at St. Francis's Hospital in this city, and death may occur any day. A week ago, while paring a corn or calloused spot on his right foot, he cut deeper than he intended. The wound was slight, but neglect soon developed blood poisoning. For two or three days he has been delirious from fever.

## Murder and Suicide.

Pittsburg, Feb. 28.—W. L. Reynard shot and killed Margaret Lambert at 805 Watson street shortly after 11 o'clock yesterday and then killed himself. The woman, with whom he was enamored, was shot through the heart, and Reynard then put two bullets into his brain. It is supposed he was temporarily insane. He leaves a widow and two children.

Col. W. B. Britton and wife have returned from an extended visit with their daughter, Mrs. M. T. Lane, at Evanston, Ill.
